

GRILLO

Sicilia DOC

A varietal native to Sicily, the Grillo is the most famous white varietal on the island and was historically used for production of Marsala.

PRODUCTION AREA

Acate, in the province of Ragusa. This variety prefers typically sandy terrain that is sloped and gets a lot of sunlight. The type of farming is "Espalier", used with an average density of planting where there are 4500 plants per 2.5 Acres.

VINIFICATION

100%

Grillo. The sustainably cultivated Grillo is often harvested at night in the second week in September. The grapes are subject to soft pressing and destemming in full protection from the air (reduction). The natural settling and fermentation take place at a controlled temperature of 18 °C for ten days. The wine is aged on its lees for five months, in stainless steel tanks with continuous battonage, to enrich the body of the wine.

CHARACTERISTICS

Colour:

Deep straw yellow.

Bouquet:

A fragrant and distinctively tropical aroma featuring notes of mango and papaya blends well with inklings of jasmine and wildflowers.

Flavour:

Balanced and harmonious with a delicate acidity and good persistency.

ALCOHOL CONTENT

13%

PAIRINGS

Seafood,

pasta dishes, grilled poultry, and baked fish. The aromatic richness of the Grillo grape makes this an ideal wine to pair with summer dishes like veal carpaccio with celery and strawberries.

SERVING TEMPERATURE

10-12°C
